Soft, rich and coastal-inspired colours

Mosa is best known for its exquisitely balanced nuance within the cool and warm neutrals range, but this collection soars creatively with painterly colours achieved with artisanal-style glaze. The Classics Tide capsule series consists of ten soft, rich, coastal-inspired colours. The colour names express their gentle yet irresistible charm: serene white, fog grey, bone, blue mist, charcoal grey, blush, rust, sand, sage and forest green.

Mosa est surtout connu pour ses nuances presque scientifiquement précises dans la gamme de tons neutres froids et chauds, mais cette collection prend une envolée créative avec des couleurs pigmentées obtenues avec un style d'émaillage inspiré des bonbons acidulés. La série capsule Classics Tide se décline en dix couleurs poudrées, riches, inspirées du littoral. Leurs appellations expriment leur charme doux mais irrésistible : serene white, fog grey, bone, blue mist, charcoal grey, blush, rust, sand, sage et forest green.
